

Add Your Venue (Your Club) To Your Personal LTA Account

- Club Administrator/Team Captains - Please ensure that all your team players have your tennis club as a venue on their personal account otherwise they cannot play in any Staffs League matches and the relevant Staffs League Divisional Secretary will be unable to add them to your Club List/Team List.

Note: players can have multiple “venues” on their personal account but one of them must be the club they are playing for in the Staffs League.
